

With the ProPlus 36 Electric, you can go from sitting to standing with the touch of a button. This motorized adjustable desk converter raises your desk vertically up to 18.75". The two-tier design easily accommodates dual-monitor setups and offers ample space for your keyboard and mouse. The keyboard tray also has cable management openings. Each ProPlus 36 Electric includes our PowerHub with 2 USB ports and 3 AC outlets to help keep devices charged and nearby. Like all our desktop converters, there's no assembly required – just plug it in and change the way you work in seconds.
